Palīdzība

The screenshot displays the Euromonitor International website interface. At the top, there is a navigation bar with the University of Latvia Passport GMiD logo on the left and the Euromonitor International logo on the right. A search bar is located in the top right corner with the text 'Enter search term here' and a 'GO' button. Below the navigation bar, a dropdown menu is open, showing search options: 'Menu Search', 'Text Search', and 'Browse Analysis'. The main content area features several articles, including 'Korean retailers Lotte and Shinsegae expand in China' with a photo of a Shinsegae store, 'Sunny outlook for South Korean beauty market', and 'Australia: Country Pulse'. A sidebar on the left contains a detailed search menu with categories like 'SEARCH INDUSTRIES', 'SEARCH COUNTRIES', 'SEARCH CONSUMERS', 'SEARCH COMPANIES', 'SEARCH BRANDS', and 'SEARCH ANALYSIS'. On the right side, there are sections for 'Register for My Pages', 'Technical Support', and 'Latest Reports'. The footer includes 'About Euromonitor International' and a copyright notice for 2009.

Navigācijas josla:

<input type="checkbox"/> A weakening currency in India India's currency has weakened since February 2008 as a result of rising import costs and capital outflows from the stock market. The weakening of the rupee would benefit Indian exporters but consumer expenditure will be affected as a result of rising inflationary pressures and higher import prices.	13/10/2008
<input type="checkbox"/> Ailing Russia The deterioration of health conditions in Russia has become alarming with the country's death rates from heart disease being amongst the highest of all industrial countries. With economic uncertainty, and generally unhealthy lifestyles including increasing levels of alcoholism and smoking, Russia needs to act urgently in order to stop further deterioration	12/05/2005
