Adopted in compliance with  
Part 1 of Article 15 of the  
Law on Institutions of Higher Education  
and Subclause 5 of Article 5.6 of  
the Constitution of the UL

## **1. Explanation of terms**

- 1.1. ***European Credit Transfer and Accumulation System credit point***—an accounting unit for student's workload. 1 credit point of Latvia equals 1.5 ECTS credits.
- 1.2. ***Credit transfer***—inclusion of credits earned from an institution of higher education, in Latvia or abroad, accredited or recognized by the state in the fulfilled academic obligations of the student if their content and workload satisfy the goals, tasks, content and planned learning outcomes of the respective study programme.

## **2. General regulations**

- 2.1. The University of Latvia (UL) study programmes will recognize credits earned from an institution of higher education, in Latvia or abroad, accredited or recognized by the state:
  - 2.1.1. study courses, except study course final examinations;
  - 2.1.2. further education courses if credits are earned for the course (as credit points of higher education of Latvia or ECTS credits).
- 2.2. The UL fully recognizes courses completed in study programmes under intergovernmental agreements or agreements between institutions of higher education or international education programmes which the student has got approved and verified in writing by the director of the respective study programme.

- 2.3. Study courses completed previously may be recognized in the same or lower study level. Study courses completed in study programmes of first level higher professional education can be recognized in other basic study programmes (bachelor or second level higher professional education).
- 2.4. The recognized study courses are included in the record of fulfilled academic obligations of the student:
- 2.4.1. by substituting study courses from the obligatory (A) or elective courses in specialization (B) part;
- 2.4.2. by including in the elective courses in specialization (B) or elective courses (C) part
- 2.5. The assessment of UL completed study courses is also recognized, should it be done on a 10-point grading scale.
- 2.6. The recognition of the study courses is made by the study programme director. In case of uncertainties the decision about the recognition of study courses is made by the particular Council of the study field.
- 2.7. For applicants resuming studies in the subsequent study stages, the recognition procedure shall be finalized before matriculation.
- 2.8. Study courses are not recognized if the content, volume in credit points or knowledge and competencies acquired do not conform to the learning outcomes of the programme.
- 2.9. One study course with a study programme of the UL can be replaced with a number of completed study courses and vice versa, a number of UL study courses may be replaced with one completed study course.
- 2.10. When replacing a study course of the UL with one or more courses, the total workload of the courses has to be equal to or exceed the workload of the study course of the UL.
