UNIVERSITY OF LATVIA

The University of Latvia, initially Latvia Higher School, was founded on September 28, 1919 on the basis of the former Riga Polytechnic Institute (established in 1862). In 1923, this school received its current name – the University of Latvia (*Universitas Latviensis*). In the period between 1919 and 1940, the University of Latvia was the major centre of higher education, science and culture. The former building of Riga Polytechnic Institute at Raiņa bulvāris 19 serves as the symbol of the University until today. The University of Latvia is the first of classical universities in the history of Latvia, and follows the slogan *Scientiae et Patriae*. In the course of time, other higher educational establishments – Latvian University of Agriculture, the Latvian Academy of Medicine, Riga Technical University separated from the University of Latvia and became well-known centres of education and research. As Latvia regained its independence, the Supreme Council of the Republic of Latvia confirmed the Constitution of the University of Latvia on September 18, 1991. It stated that the Higher School is “a state establishment

of academic education, science and culture, which serves the needs of Latvia and the people". Alongside with the Constitution, the flag, the anthem, the University's emblem, the Rector's chain and the official garments of the Rector, Vice-Rectors and deans were renewed as attributes of the University of Latvia.

Students are advised to carefully read the information on the UL website, instructing how to apply for the residence permit: <https://www.lu.lv/en/admission-for-international-students/degree/visas/>

Decisions about visa and issue of residence permits are passed by the Office of Citizenship and Migration Affairs (OCMA) www.pmlp.gov.lv/en

It is student's own responsibility to prepare all the necessary application documents.

Citizens of EU, EEA and Switzerland

Degree students, who are Union citizens and reside in the Republic of Latvia for more than 90 days, counting from the first day of entry, must register at the OCMA and receive a registration certificate. See: <https://www.lu.lv/en/admission-for-international-students/degree/visas/>

Citizens from visa-free countries

There are several countries (besides EU, EEA and Switzerland), whose citizens do not need visa to enter Latvia and can reside in the Schengen Area up to 90 days within a half year.

If a student remains here longer than 90 days starting from the first day of arrival within a half year, student has to apply for the residence permit at the OCMA.

N.B. When taking non-direct flights to Latvia, it is highly recommended to choose the flight route, where Latvia is the first Schengen entry country.

The list of visa-free countries is available at: <https://www.mfa.gov.lv/en/consular-information/countries-and-territories-whose-citizens-may-enter-latvia-without-a-visa>
