# UNIVERSITY OF LATVIA

How to act in case of experiencing Covid-19 symptoms or if you were in contact with someone infected with Covid-19?

More information about safety measures **here**

Symptoms of illness

YES ← Has a test been performed? → **NO**

Perform a test

YES ← Is the test positive? → **NO**

Contact your doctor

YES ← Have you been on the premises of the University of Latvia for 2 days before the onset of symptoms? → **NO**

Inform about this situation by writing to **covidtrauksme@lu.lv**

Contact your faculty or the immediate supervisor and inform about justified absence, or arrange for your assignments to be completed remotely

Follow your doctor's instructions

Contact persons

NO ← Are there any symptoms? → **YES**

Comply with conditions and regulations for persons who have contracted Covid-19

YES ← Do you need attend in person? → **NO**

A rapid test must be performed every morning before starting work or studies onsite*

Work or study remotely

NO ← Is the test positive? → **YES**

Continue work or studies. Follow the SPKC instructions for contact persons**

* Rapid tests for employees for this purpose are provided by the University of Latvia. For students tests are provided in exceptional cases, subject to approval by the dean.

** If the patient and the contact person are from the same household, the number of days indicated are counted from the moment the patient is allowed to end the isolation. These are usually 10 additional days. In this situation, there is also a higher risk of cross-infection.

A person may not enter any premises of the University of Latvia if he/she has symptoms of the illness!
