We are pleased to invite you to participate in the **International Scientific Conference**

Advancing Anxiety-Free Mathematics Learning through Educational Robotics in Primary Education

The conference will take place on **24 October 2025**, organized by the **University of Latvia** in collaboration with **Çanakkale Onsekiz Mart University, School of Education**, **South-West University “Neofit Rilski”**, **Baltic Educational Technology Institute (BETI)** and **Cardinal Stefan Wyszyński University in Warsaw**.

This event is held under the **KA220-HED Project** (2023-1-LV01-KA220-HED-000153826) and aims to bring together researchers, educators, and practitioners to explore innovative approaches in integrating educational robotics to promote anxiety-free mathematics learning in primary education.

The conference will be conducted in **English** and held in a **hybrid format** – allowing participation **both in person and online**.

We warmly welcome your participation and contributions to this international academic exchange.
